OBJECTIVE

Full Stack Web Developer with 1 years of Internship experience

EDUCATION

Intermediate, CBSE Board 2019-2020
Relevant Coursework: Physics , Chemistry, Mathematics.

Bachelor of Computer Science, Abdul Kalam Technical University 2020 - 2024

SKILLS

Technical Skills	React, Nodejs, python , javascript, Django, C++, MySQL
Soft Skills	Leadership, Communication

EXPERIENCE

Software Developer Intern Code InBound LLP	June 2023 - Jan 2024 <i>Janakpuri , New Delhi</i>
--	--

- Spearheaded Node.js API development, optimizing MySQL databases.
- Guided project with Node.js, enhancing MySQL efficiency.
- Engineered Node.js application, seamlessly integrating with MySQL .

PROJECTS

VideoSharingWebsite: Created a dynamic video sharing platform leveraging Django and Bootstrap, with SQLite for data management. Empowered users to seamlessly upload, watch, and engage with a diverse array of videos. Integrated intuitive features such as user authentication, video recommendations, and interactive commenting. Ensured a responsive design with Bootstrap for optimal viewing on various devices

PROJECT: BOOKSHELF: Bookshelf is a full-stack web app built with Node.js and Express.js. It enables users to manage their book collections efficiently. Leveraging MongoDB and Passport.js, it ensures secure authentication and seamless database management. The frontend, powered by Bootstrap, offers a responsive and intuitive user interface. Bookshelf enhanced my skills in backend development, database management

Snake Game. Developed a classic Snake game using Python's Turtle module, offering an interactive experience. Players control a snake to consume food while avoiding collisions with the snake's body and borders. The game features scoring, high score tracking, and user-friendly controls.

EXTRA-CURRICULAR ACTIVITIES

- Actively participated in college's Developer Society, fostering a collaborative learning environment. .
- Taught Data Structures and Algorithms (DSA) to students, enhancing programming skills and facilitating skill development .

Certificates

Certified in backend development and API technology by **FREECODECAMP**, I've mastered the intricacies of Node.js and MongoDB. This program has empowered me to craft robust server-side solutions and RESTful APIs and my proficiency about modern web development technologies.
